## PREFACE.

THE principal object of this little work is the dissemination of information in regard to the CANADIAN POSTAL SERVICE. It is published with the kind permission of the Postmaster General, and it is hoped will be useful to the public as well as conducive to the interests of the Post Office.

The short and imperfect sketch of the progress of the post office in Canada, which has been compiled from authentic sources, will be found interesting. It extends over a period of one hundred years, and serves to mark a rapidity of improvement which, in a country purely agricultural, has seldom been surpassed.

As the regulations of the post office are subject to constant change, it is proposed to issue new editions of the CANADIAN POSTAL GUIDE, revised and corrected to the latest date, half-yearly, or yearly, as circumstances may appear to require.

## A Few Facts about the Post Office in Canada.

COMPILED FROM AUTHENTIC SOURCES.

THE earliest records of the administration of the post office in Canada bear date 1760, at which period the celebrated Benjamin Franklin was Deputy Postmaster General of North America. At the time of his appointment the revenue of the department was insufficient to defray his salary of £300 per annum; but under his judicious management not only was the postal accommodation in the Provinces considerably extended, but the revenue so greatly increased, that ere long the profit for one year, which he remitted to the British treasury, amounted to £3000.

In the evidence given by Franklin before the British House of Commons in the year 1766, in regard to the extent of the post office accommodation in North America, he made the following statement:—

“The posts generally travel along the sea coasts, and only in a few cases do they go back into the country. Between Quebec and Montreal there is only one post per month. The inhabitants live so scattered and remote from each other in that vast country that the posts cannot be supported amongst them. The English colonies, too, along the frontier are very thinly settled.”

Franklin was removed in 1774. War broke out a few months afterwards between the North American Provinces and the Mother Country; and the charge of the post office in Canada was assumed by Mr. Hugh Finlay, who, it appears, had under Franklin performed the duties of postmaster at Quebec.

Mr. Finlay is designated in his commission as Deputy Postmaster General of His Majesty's “Province of Canada,” from which it would seem that the Lower Provinces were not included in his charge.

An Almanac published in Quebec in the year 1791 thus describes the condition of the Department:—

Hugh Finlay, Esq., Deputy Postmaster General	Quebec,	L. C.
Wm. E. Edwards, Postmaster	Montreal,	“
Samuel Sills, “	Three Rivers,	“
Louis Aime, “	Berthier,	“
Hugh Munroe, “	Baie des Chaleurs,	“
Samuel Anderson, “	Cornwall,	U. C.
John Munroe, “	Matilda,	“
John Jones, “	Augusta,	“
Peter Clarke, “	Kingston,	“
Joseph Edwards, “	Niagara,	“
George Leitch, “	Detroit,	“
— Mitchell, “	Mickelmackinac,	“

There were thus five post offices in Lower Canada, and seven post offices in Upper Canada.

Between Quebec and England mails were despatched once per month; between Quebec and Halifax, twice per week in summer, and once per week in winter; between Quebec and Montreal, twice per week; and between Montreal and the offices above Montreal, once per month; between Quebec and Baie des Chaleurs mails were despatched "as occasion offered."

In the year 1792, 1793, and 1794, the mail was carried once per month between Montreal and Kingston by a French Canadian named Morissette; between Kingston and York it was carried by Alex. Anderson; and between York and Niagara by a Mohawk Indian. The rate of travel was probably about 20 miles per day; the route being either by a path through the woods or along the shores of the River St. Lawrence and Lake Ontario: no regular road having been at that time in existence.

In the summer season the mail was carried between Kingston and Niagara by the Government vessels,—

Caldwell,  
Mohawk,  
Onesida, and  
Speedy.

Between Canandaigua, in the State of New York, and Niagara, the mail was carried once per week at a cost of \$200 per annum.

In the year 1796 there were precisely the same number of offices, and generally the same amount of mail accommodation, as in 1791.

Mr. Finlay was succeeded in the year 1800 by Mr. George Heriot. In 1803 Upper Canada had 8 post offices, but the mails were not more frequent than in 1791. In 1804 there were in Lower Canada 5 post offices; in Upper Canada, 9; in Nova Scotia, 6; in Cape Breton, 1; in Prince Edward's Island, 1; in New Brunswick, 4.

The late Mr. Wood, who filled the office of postmaster of Cornwall for many years, thus describes the condition of the department in the Upper Canada Province about the year 1807:—

"When I first took charge of the post office in this place the mail was carried from Quebec to Amherstburg on the back of an old Canadian pedestrian; he performed his trip once in three months, and his arrival was hailed with joy by the then contented and loyal inhabitants throughout the country."

The following is a copy of a somewhat curious advertisement which appears in the *Upper Canada Gazette*, published in the year 1807:—

"The mail for Upper Canada will be despatched from the post office at Montreal, on the following days, to wit:

"Monday, 14th January.

"Monday, 12th February.

"Monday, 10th March.

"Monday, 7th April—the last trip.

"A courier from Kingston may be looked for here in 14 or 15 days from the above periods, where he will remain 2 or 3 days, and then return to Kingston.

"Another courier will proceed from this with the Niagara mail, via Messrs. Hatts, where the Sandwich letters will be left, both from Niagara and this 'till the courier comes from there to return with them.

"Letters put into the post office will be forwarded at any time by

"W. ALLAN.

"Actg Deputy Postmaster."

There are in existence several commissions issued by Mr. Heriot to postmasters in Nova Scotia, in which he signs himself Deputy Postmaster General for the Province of Upper and Lower Canada, Nova Scotia, and New Brunswick, and their dependencies. It would appear therefore, at all events, that during a portion of his term of office he had supervision of all the posts in those colonies.

Mr. Heriot was succeeded in the year 1816 by Mr. Daniel Sutherland, who, on his accession to office, found Nova Scotia and Prince Edward's Island wholly withdrawn from the Canada charge. New Brunswick, however, continued to be included in it. The postmasters in that Province being commissioned at Quebec and accounting to the Deputy Postmaster General there.

In the year 1817 Lower Canada had 13 post offices; Upper Canada, 12; Nova Scotia, 6; New Brunswick, 3; Prince Edward's Island, 1. In this year the mails were running between Quebec and Halifax once a fortnight, all the year round; between Quebec and Kingston, once a week; between Kingston and Toronto, once a week; and between Toronto and Amherstburg, once a fortnight.

In the year 1820 there were in Lower Canada 20 post offices; in Upper Canada, 19; in Nova Scotia, 6; in New Brunswick, 3; in Prince Edward's Island, 1.

In 1824 there were in Upper and Lower Canada 69 post offices, and 1992 miles of established mail routes. The annual travel of the mail was 370,000 miles. The gross revenue was \$68,000; and the revenue transmitted to England, after deducting \$1200, the supposed surplus for New Brunswick, \$21,000. At this time the population of Lower Canada was about 440,000, and of Upper Canada 150,000.

In this year Mr. Sutherland was succeeded, as Deputy Postmaster General, by Mr. Thos. A. Stayner, and shortly after was effected the separation of nearly the whole of New Brunswick from the Canada charge.

Under the long and able administration of Mr. Stayner, extending from the year 1824 to 1851, postal accommodation was greatly extended throughout Upper and Lower Canada.

In 1827 there were 101 post offices and 2368 miles of established post route. The annual transportation of the mail was 455,000 miles. The estimated number of letters passing through the post in the year was 340,000; the estimated number of papers, 400,000.

In the year 1832 the Duke of Richmond, then Postmaster General, proposed a re-modification of the post office throughout British North America. An Act was prepared with this object, but the attempt to pass it through the several Legislatures failed, and of all the plans that had been contemplated only two were carried into effect, namely, the establishment of an Accountant's Office and the appointment of Local Inspectors.

The attention of the Legislature of Upper Canada was, about this time, frequently turned to the post office, which still continued under the Imperial control. Committees were appointed and reports made, in which the transfer of the management of the department to the Colonial Government was strongly urged.

In the year 1837 a joint address from the Legislative Council and Assembly was adopted, praying that the revenue produced by the post office in the Colonies should no longer be remitted to England. This address was referred to the Lords of the Treasury, and by them referred to Lord Durham, on the ground that some general measure was required to carry its prayer into effect. Nothing, however, was done until some years afterwards towards the accomplishment of this end.

A large and steady increase continued to take place yearly in the business and revenue of the post office. In 1838 there were 380 post offices, and 5486 miles

The following extract from the Quebec *Mercury*, published on the 18th July, 1829, conveys some idea of the postal communication with England at that period:—

"No later advices have been received from Europe since our last. Some further extracts from the London papers, to 31st May inclusive, brought to New York by the 'Corinthian,' will be found in another part of this number."

The following extract from the Montreal *Courant*, of September 2, 1829, describes the improvement which had at that date been effected in the postal communication between that city and Prescott:—

"EXPEDITIOUS TRAVELLING.—On Saturday last the Upper Canada line of stages performed the journey from Prescott to this city in about 17 hours, leaving the former place at a little before 3 A.M., and arriving here a few minutes before 8 in the evening. Not many years ago this journey occupied two and sometimes three days, but owing to the great improvements made by Mr. Dickinson, the enterprising proprietor, by putting steam boats on the Lakes St. Francis and St. Louis, and keeping his horses in excellent condition, it is now performed in little more than one-third of the time."

The following advertisement, which appeared in the year 1833 in the *Colonial Advocate*, published at Queenston by the late Mr. W. L. Mackenzie, will give some idea of the postal facilities in the Upper Province at that period:—

#### "POST RIDER WANTED IMMEDIATELY."

"The proprietor of this newspaper wishes to contract with a steady man (who can find and uphold his own horse), to deliver it to the subscribers once a week during the winter, on the route between York and Niagara *via* Ancaster."

Regular steam communication was established across the Atlantic in the year 1841, and about that time the rate of postage on letters between any part of Canada and any part of the United Kingdom was, on the recommendation of Mr. Stayner, reduced to a uniform charge of 1s. 2d. sterling, per half ounce. Thus, it is believed, was first recognized the principle of a uniform rate of postage—irrespective of distance—which has since been so universally adopted.

In 1848 there were 539 post offices and 6895 miles of post route; the annual transportation of the mail was 2,225,009 miles; the estimated number of letters carried in a year 2,000,000; and the gross revenue \$260,000.

On the 6th April, 1851, was effected the transfer of the post office in Canada from the control of the Imperial authorities, to the Colonial Government. Mr. Stayner retired from office, and the Hon. James Morris, the first Canadian Postmaster General, assumed charge of the department.

In 1851 postage, which had previously been charged according to the distance the letter was carried, which it was computed averaged 15 cents on each letter, was reduced to a uniform charge of 5 cents per  $\frac{1}{2}$  oz., the decrease being equivalent to  $\frac{1}{3}$  or 66 $\frac{2}{3}$  per cent. on the former rate. A very considerable reduction was also effected in the rate of postage on newspapers. The increase in the number of letters transmitted through the post, within a year after the reduction of the rate, was 75 per cent. Several improvements, including the introduction of postage stamps, were effected in this year, and the operations of the department greatly extended.

On the 31st March, 1853, the Hon. James Morris was succeeded as Postmaster General by the Hon. Malcolm Cameron. At the latter end of this year and the beginning of the year following the conveyance of the mails was transferred to the Northern Railway between Toronto and Bradford, and to the Great Western Railway between Suspension Bridge and Windsor. The Hon. Malcolm Cameron was succeeded by the Hon. Robert Spence, who assumed charge of the department on the 11th September, 1854. In February, 1855, the money order system was first introduced into Canada. The system was at first confined to 84 post offices : it now embraces within its operations 229 offices. The month of May, 1856, was marked by the first voyage to the St. Lawrence of the line of Canadian Steamers, under contract with Hugh Allan, Esq., of Montreal, for the conveyance of the mails between Quebec and Liverpool in summer, and Portland and Liverpool in winter. In October, 1856, the Grand Trunk Railway, which had previously been completed as far westward as Brockville, was opened from the latter point to Toronto, and, in connection with the Great Western Railway, an unbroken line of postal communication established between Quebec in the east, and Windsor in the west. The following statement of the time occupied in the transit of a letter in winter between Quebec and the principal cities and towns in Western Canada, in 1853 and in 1857, will give some idea of the improvement effected:—

In August, 1857, the exemption of postage on newspapers was confined to newspapers transmitted from the office of publication to regular subscribers—all other newspapers being made liable to charge. On the 1st February, 1858, Mr. Spence retired from office, and was succeeded as Postmaster General by the Hon. Sidney Smith. In May, 1857, the Canadian Ocean Steamers, under contract with Mr. Hugh Allan, commenced a weekly service between Quebec and Liverpool in summer, and Portland and Liverpool in winter. These steamers, and the Grand Trunk Railway, between Portland and Quebec on the east, and Detroit on the west, which was completed a few month afterwards, have made Canada one of the great postal as well as commercial highways between Europe and the Western States. Closed mails are now carried under treaties with the several governments with regularity and despatch.

In July, 1859, postage was re-imposed on newspapers sent from the office of publication to regular subscribers. Postage rates were computed in dollars and cents ; and letters addressed to any place in Canada, if posted unpaid, were subjected to an additional rate of two cents per half ounce. A large augmentation continued to take place in every department of the post office ; the mails carried by the Ocean Steamers, especially, rapidly increased. The four mails of January, 1862, carried 30,000 letters from Canada, and brought 31,000 letters to the Province—a number far beyond the previous average of a mid-winter month. In May, 1862, Mr. Smith resigned his office, and was succeeded by the Hon. M. H. Foley, who now presides over the department.

The following statement will convey some idea of the rapid growth of the postal system in this Province, since the transfer to the control of the Colonial Government, in 1861 :—

Although provision is made for forwarding newspapers through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

**If commuted rate not prepaid.** When the above rates are not paid in advance by either the publisher or subscriber the papers are charged 1 cent each on delivery.

**Payment of commuted rate.** It is not necessary that the commuted rate on newspapers should be paid absolutely on the first day of each quarter. The regulation is intended to be carried out with all possible consideration for the convenience of the public, and it will be sufficient if the person desiring to pay the commuted rate declares his intention and offers the payment when first calling at the office within a reasonable time after the commencement of the quarter; but after having made his option to pre-pay the commuted charge, or to pay for his papers as received at one cent each, as the case may be, postmasters are not expected to alter their newspaper accounts to allow of a change until the commencement of the next quarter.

The commuted rate of payment can be accepted from new subscribers during a quarter for any unexpired period of the quarter not less than a month.

**Transient papers.** Newspapers published in Canada which are not posted from the office of publication, must be pre-paid one cent each by postage stamps, otherwise they will not be forwarded.

**Publishers subscription accounts and receipts.** Publishers of newspapers in Canada are allowed to enclose in copies of their papers sent to subscribers, subscription accounts, and receipts for the same, without rendering them liable to any additional postage.

**Rate to United States.** Transient newspapers addressed to the United States must be pre-paid one cent each by postage stamp, otherwise they will not be forwarded.

**From United States.** Newspapers posted in the United States and addressed to Canada are liable to one cent each on delivery. The stamp paid on these papers indicates that the United States postage only has been pre-paid, the Canadian rate of one cent remaining to be collected.

**American papers.** American newspapers posted or re-posted in Canada must be pre-paid one cent each, by stamp, otherwise they will not be forwarded.

**Commuted rate not applicable to U. S. papers.** The option of paying the commuted rate on newspapers does not apply to papers published in the United States: they must be paid for at the full rate of one cent each.

Canadian newspapers addressed from the office of publication to <sup>Commuted rate on newspapers to places out of Canada.</sup> subscribers in the United States, the United Kingdom, Lower Provinces, &c., may be forwarded on pre-payment of the commuted rate, applicable to subscribers within the Province, or singly at one cent each, at the option of the publisher; but they cannot be forwarded if <sup>unpaid.</sup>

Exchange papers passing between publishers in Canada and between <sup>Exchanges</sup> publishers in Canada and publishers in the United States, are carried <sup>free.</sup> free through the post.

No newspaper, properly so called (except exchanges), whether devoted <sup>No other exemption from charge.</sup> to religion, education, temperance, agriculture, or to any branch of science, is entitled to exemption from charge. The law exempts only periodicals printed in Canada, and devoted exclusively to the above objects.

Newspapers addressed to Newfoundland must be pre-paid two cents <sup>Newfoundland.</sup> each, by stamp.

The rates on newspapers addressed to British Colonies and foreign <sup>British Colonies and Foreign Countries.</sup> countries will be found in the tables at pages 36, 37, 38, 39 and 40. These tables give the rates: 1, by Canadian Ocean Steamers; 2, by Cunard Steamers; and 3, by the United States.

No United States newspapers of any kind or description (with the <sup>No United States paper except.</sup> exception of exchange papers) are on any ground entitled to pass through the Canadian mails free of postage.

respective publishers in the proper form, which is to pass free of postage. If the newspaper or periodical continues to arrive after the notice has been sent, the postmaster is instructed to notify the publisher in the same way a second time, specially calling his attention to the first notice given.

Enclosures  
in news-  
papers.

To enclose a letter, or any writing, or to make any written marks to serve the purposes of a letter, or to enclose any other thing (except publishers' accounts and receipts, as before mentioned) in a newspaper posted to pass as a newspaper, is a misdemeanor. Postmasters are requested at once to transmit all newspapers containing such writing, marks, and enclosures to the Postmaster General.

#### PERIODICAL PUBLICATIONS.

**Definition.** Periodical Publications are publications issued at regular intervals, but less frequently than once per week.

**Rate to Canada and the United States.** Periodical Publications can be transmitted by post to any part of the United States at the following rates:—

For every periodical publication weighing not more than 3 oz. in weight..... 1 cent.  
Over 3 oz. in weight..... 4 cents.

**Pre-pay'mt.** The above rates must invariably be pre-paid by postage stamps.  
**Sent from publication office.** If pre-paid by postage stamps and sent from the office of publication, periodicals published in Canada weighing over 3 oz. pass for two cents each.

**From United States.** Periodical publications received from the United States are liable to the rates above mentioned, viz.: If not exceeding 3 oz. 1 cent; if exceeding 3 oz. 4 cents.

**If posted by booksellers or news agents.** Canadian Booksellers and News Agents may post British, American or Provincial periodicals for distribution to regular subscribers unpaid. If sent unpaid they will, when exceeding the weight of 3 oz., be subject to 4 cents.

**Small periodicals posted by booksellers and news agents.** Canadian Booksellers and News Agents may also post for transmission by mail in Canada small periodicals, whether Canadian, British or United States, weighing less than 1 oz., such as the Children's Paper, Child's Paper, The Play Hour, The Carrier Dove, The Sabbath School Visitor, The Evangelizer, The Gospel Message, The Good News, and others of a like description, in packages to one address, at the rate of 5 cents per pound, or fraction of a pound bulk weight, provided that the said News Agents and Booksellers pre-pay such packages by postage stamps. This must not be understood as imposing a charge on Canadian periodicals entitled to pass free.

**Periodicals exempt from postage.** Periodicals printed in Canada other than newspapers when specially devoted to education, meaning the instruction of youth, (both religious and general), to agriculture, to temperance, or to any branch of science, and addressed directly from the office of publication to be transmitted to any post-office in Canada, are conveyed by mail free of charge. Such periodicals must not contain general news or advertisements or they forfeit their claim to exemption.

A periodical devoted to education to pass free must be either strictly scholastic in its subject matter, or manifestly adapted and intended for juvenile as distinguished from adult instruction. It is in this primary sense that the word Education, whether religious or secular, is understood to be used. Religious publications are not as a class entitled to exemption from charge. The law exempts only those which come within the foregoing definitions.

ments in Canada and the United Kingdom, are exempt from Cana-  
dian postage :

Adjutant General.

Barrack Department.

Military Accountant.  
Royal Engineer Department.  
Regimental Paymaster and Officers Commanding.

This exemption must, however, be confined strictly to letters passing  
between the above officers and Departments and the United Kingdom.

#### ABATING AND REFUNDING POSTAGE.

Postmasters in Canada are allowed to refund postage in the following  
cases only :—

Letters charged as weighing more than the actual weight, or incor-  
rectly rated. Postmasters may refund incorrect rates.

Postage incorrectly charged on editor's notices addressed to pub-  
lishers and editors, and exchange papers, which should legally pass  
without charge. On editors' notices and exchanges.

All other claims for the return or abatement of postage must be  
specially referred to the Postmaster General for his decision, with the  
letter or packet on which the return is claimed. Other cases to be referred to Postmaster General.

#### UNDELIVERED AND DEAD LETTERS.

All letters remaining undelivered in a post office on the first of each  
month, excepting drop letters and such letters as are daily called for,  
are advertised in a list posted at the office door for the information of  
the public. Advertized on 1st of each month.

If a newspaper is published in the neighbourhood the Postmaster is  
directed to insert this list therein, provided the proprietor will give it  
insertion at the authorized rate. Advertisement in newspaper.

Parties applying at an office for advertized letters should always ask  
for them as such. Advertized letters to be asked for as such.

**When sent to Dead Letter office.** Letters and papers after remaining undelivered in an office for three months are sent to the Dead Letter Office, as also are all letters refused by the persons to whom they are addressed or letters addressed to persons deceased.

**Return to writers.** Every letter which is opened at the Dead Letter Office and found to contain the address of the sender is sent back to him; but such as do not contain the sender's address are destroyed, excepting always those which contain money and other articles of value, which are kept for a reasonable time for the purpose of being reclaimed.

#### REGISTRATION.

**Fee on Registered Letters.** By the pre-payment of the following fee, in addition to the ordinary postage, letters and parcels can be registered at the office at which posted:—

<b>To Canada.</b>	On letters addressed to any place in Canada or the other British North American Provinces .....	3 cents.
<b>To U. States.</b>	On letters addressed to any place in the United States .....	5 "
<b>To U. K.</b>	" " " " United Kingdom .....	12½ "
<b>To B. Col.</b>	" " " " British Colonies and Possessions <i>via</i> England .....	25 "
<b>To Foreign Countries.</b>	On letters addressed to France and Foreign Countries, an amount equal to the postage rate.	
<b>On parcels.</b>	On parcels to any part of Canada .....	5 cents.

**Certificate of posting to be given.** Every letter or parcel containing value should be registered and presented to the Postmaster or his clerk and a receipt obtained therefor. On no account should it be dropped into a letter box.

**Pre-payment.** When letters are registered for the United Kingdom, for Foreign Countries, *via* England, or for the United States, both the postage and the registration fee must be pre-paid.

**Books, &c., cannot be registered.** Books, periodicals, newspapers, circulars, and other printed matter, cannot be registered unless pre-paid the full letter rates, in addition to the ordinary registration fee.

**Receipt required on Delivery.** Registered letters and packets can only be delivered to the parties to whom they are addressed or to their order, and a receipt must be given on the delivery of each registered letter in a book kept by every Postmaster for that purpose.

**Post office not responsible for loss.** It should be clearly understood that the post office is not responsible for the safe delivery of a registered letter or parcel. The registration simply makes its transmission more secure, by rendering it practicable to trace it, when passing from one place to another in Canada, from its receipt to its delivery; and when addressed from any place in Canada to any place in the United States, the United Kingdom, or parts abroad, if not to its delivery, at least to the frontier or port of despatch.

#### POSTAGE STAMPS.

**Prices of stamps.** Every post office is required to have on hand a sufficient stock of postage stamps to sell them to the public at 1 cent, 5 cents, 10 cents, and 17 cents each.

**Envelopes.** Envelopes are also provided with medallion, stamps equivalent to 5 cents and 10 cents postage, each. The 5 cent envelopes are sold

With the approval of the Postmaster General, postage stamps are  
sold to certain dealers to retail again to the public; 5 per cent. being  
allowed as a remuneration to such dealers for their trouble.

Pre-payment of letters should, in all cases where practicable, be  
made by postage stamps.

A mutilated stamp, or a stamp cut in half, is not recognized in pre-  
payment of postage.

A medallion stamp cannot be accepted in pre-payment of postage if  
separated from the envelope of which it may have formed a part.

No British stamps, or stamps of a foreign country, can be received  
in pre-payment of postage in Canada.

In affixing the stamp to the letter wet slightly the corner of the  
envelope and the gummed side of the stamp, and gently press the  
stamp till it is firmly fixed. Stamps should be placed on the front or  
address side of the letter, and on the right hand upper corner.

Letters cannot be pre-paid partly in stamps and partly in money; the  
postage must be pre-paid either wholly in stamps, or wholly in money.

If the stamps affixed to a letter addressed to any place in British  
North America be not adequate to the proper postage, the letter is  
rated with an amount equal to the deficiency.

Letters addressed to the United States, on which stamps are affixed  
representing less than the amount of postage to which the letters are  
liable, are rated with full unpaid postage.

Postage stamps are received at all post offices in payment of postage  
on unpaid letters delivered therefrom.

### MONEY ORDERS.

Post offices in Canada at which money orders are issued and paid are  
distinguished in the List of Post Offices by being printed in italics.

Every money order office in Canada issues money orders on every  
other money order office in Canada, as well as on every money order  
office in the United Kingdom. Every money order office in the United  
Kingdom also issues money orders on every money order office in  
Canada.

The rate of commission charged on money orders drawn by one  
money order office in Canada on any other money order office in  
Canada, is as follows:—

If not exceeding in amount \$10 .....	5 cents.
Exceeding \$10 and not exceeding \$20 .....	10 "
" 20 " " 30 .....	15 "
" 30 " " 40 .....	30 "

" 60 " " 80 .....	60 "

Half cents.

No money order exceeding \$100 in amount can be granted on any  
office in Canada; but postmasters are at liberty to grant two or more  
orders for \$100 or for any lesser sum. They cannot, however, grant  
two or more orders for sums of or under \$30 on the same day to the  
same applicant in favor of the same payee.

Money orders on the United Kingdom are drawn in sterling money,  
and may be for any sum from one shilling to ten pounds. They must

not, however, exceed the latter amount; but postmasters are at liberty to issue two or more separate orders for ten pounds each or for any smaller sum.

Commission on £s.	The rate of commission charged on orders on the United Kingdom, over and above the currency value of the sterling, is as follows:—			
	For orders not exceeding £3 sterling ..... 25 cents.			
	Exceeding £3 and not exceeding £5 sterling ..... 50 "			
	" 5 "	" 7 "	" 10 "	75 "
	" 7 "	" 10 "		\$1.

Tables showing the amount of Provincial currency required for money orders issued in Canada upon the United Kingdom, in addition to the commission, and paid for money orders issued in the United Kingdom on Canada, will be found at pages 41, 42, and 43.

**Printed applications.** Applicants for money orders should always use the printed application forms, in which they should fill up the particulars of the order required. These forms are supplied gratuitously at all money order offices.

**Full names and residences required.** The christian and surnames in full, and residences, both of the remitter and the payee, should be furnished to the issuing postmaster. When a married woman is either the remitter or payee, her own christian name should be given, and not that of her husband, thus—"Mrs. Mary Smith," not "Mrs. John Smith."

If the remitter be a Peer or a Bishop his ordinary title is sufficient. If a firm, the usual designation of such firm will suffice, such as "Baring Bros.," "Smith & Son," "Jones & Co."

**Orders should be examined.** Parties procuring money orders should examine them carefully to see that they are properly filled up and stamped. This caution will appear the more necessary when it is understood that any important defect in these respects will throw difficulties in the way of payment.

**Erroneous orders.** Money orders which, in consequence of misapprehension of the name of the remitter or place of payment have been erroneously made out, can be returned to the postmaster, and a correct order given in exchange; a new commission, however, will be charged on the corrected order.

**Repayment of orders at issuing office.** Parties obtaining money orders on Canadian offices can procure repayment thereof on presentation of the orders at the office at which issued, signing the receipt at the foot. No order, however, can be repaid without the authority of the superintendent, unless presented for repayment on the day on which it is issued. Neither can orders on the United Kingdom be repaid without his special authority.

**Orders on United Kingdom can be paid through a bank.** When a remitter desires an order on the United Kingdom to be paid through a bank, it is left to his option to give or withhold the name of the payee, or to substitute for the name of the payee any other designation or modification, such as "the Cashier of the Bank of England," "the Chief Clerk of the Foreign Office." Such orders must, however, be crossed by the issuing postmaster with the name of bank through which the order is to be paid.

**No credit allowed.** The issue of money orders on credit, or for cheques not marked "good" by the bank drawn upon, is strictly prohibited.

**Receipt required from signature of the payee to the receipt at foot.** Money orders presented at an office for payment must bear the signature of the payee to the receipt at foot.

**Payee.** If a payee is unable to write, he must sign the receipt at the foot of the order, in the presence of the paying postmaster, by making his mark, to be witnessed in writing; as, for example:—

Witness,—John Kenny,  
Queen Street, Toronto.

In cases of money orders issued in Canada, postmasters are at liberty to accept the written order of the payee on the order itself in favour of a second person, if through illness or insuperable difficulty the second person is prevented from presenting the order in person.

When a money order has been lost, either by the remitter or payee, the circumstance must be made known to the superintendent, who, under certain precautions, will issue a duplicate.

Duplicates of sterling orders can only be granted by the paying post office. Thus the British post office issues duplicates of orders drawn in Canada on the United Kingdom, and the Canadian Head Money Order Office grants duplicates of orders drawn in the United Kingdom on Canada.

Money orders which are not presented until one full year after their date are considered as "lapsed orders," and cannot be paid without the special permission of the superintendent. In all such cases satisfactory reasons should be given explanatory of the delay in the presentation of the order.

The Deputy Postmasters General of Malta and Gibraltar are authorized to issue money orders on the several money order offices in Canada. Money order offices in Canada do not, however, grant money orders on Malta and Gibraltar.

#### GENERAL REGULATIONS.

Postmasters and certain other officers of the department are exempt from serving on juries or inquests, or in the militia. This exemption applies to mail carriers, but not to assistants appointed and paid by postmasters.

The postmasters of Quebec, Montreal, Three Rivers, and Sherbrooke, and the postmasters of incorporated cities and towns in Upper Canada, divided into wards, and other officers of the Post Office Department, cannot legally vote at the election of any member of the Legislative Council or of the Legislative Assembly.

Postmasters are not allowed to give credit for postage, if they do so it is entirely at their own risk.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer, or to any other person.

A letter addressed to a firm may be delivered to any member of the firm. If addressed to several persons it may be delivered to any one of them.

A letter delivered to the wrong person in consequence of his name being the same as the one of the person for whom the letter is really intended, should be at once returned to the postmaster from whom received, the party writing on the cover "opened by me through mistake," and signing his name thereto.

Letters posted without any direction, or addressed so imperfectly that they cannot be forwarded to their intended destinations, and also unpaid or insufficiently paid letters addressed to countries to which letters cannot be sent without the postage is pre-paid, are returned to the writers through the Dead Letter Office.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed.

- Redirection of letters.** Parties desiring their letters and papers to be re-directed should send an intimation to that effect in writing to the postmaster of the office from which the letters and papers are to be re-directed.
- No extra charge.** Postmasters are allowed to re-direct letters to the known places of residence of the parties to whom they are addressed, after allowing a reasonable time to elapse without their being called for.
- Objectionable matter.** Letters and papers are not subject to any additional charge when re-directed from one post office in Canada to another post office in Canada.
- Change.** Postmasters are instructed not to receive any letter or packet which there is good reason to believe contains glass or anything likely to injure the contents of the mail bag or the person of any officer of the post office.
- Civility required from Postmasters.** A postmaster is not legally bound to furnish change, but if absolutely necessary may require that the exact amount of postage on any letter or packet be tendered to him in current coin, or in Canada postage stamps.
- Mail courriers to receive letters en route.** Postmasters and their assistants in the above matter, as well as in all their official intercourse with the public, are expected to afford every accommodation, and to treat every person having business at their offices with every courtesy.
- Mail courriers to receive letters en route.** Mail courriers are bound to receive letters offered to them whilst on the road between one post office and another, provided that when a letter is so offered the distance from the nearest post office exceeds one mile. Such letters are termed Way Letters, and are subject to the ordinary rates of postage.

#### SUGGESTIONS TO THE PUBLIC.

- Facility will be given to the Post Office in the discharge of its daily duties, and greater security afforded to the Public, by careful attention to the following recommendations:
- Early posting.** Post all letters and newspapers, &c., as early as practicable, especially when sent in large numbers.
- Newspapers.** When a number of newspapers are addressed to the same office, put them up in one parcel.
- Circulars.** When a number of circulars are posted, tie them up in a bundle, with the addresses all in one direction.
- Address.** Address letters, papers, &c., in a legible and complete manner, always giving the name of the Post Office; and if there be more than one Post Office of that name, the name of the county in which situated: In case of letters going abroad, the name of the country, as well as of the town and city, should be given in full. Letters, for example, intended for London, England, if simply addressed "London," would be forwarded to London, Canada West, and thus be delayed.
- Secure folding.** See that every letter, newspaper, or other packet sent by post, is securely folded and sealed. Every such packet has to be several times handled; and even when in the mail bag, is exposed to pressure and friction. Unless, therefore, the article be light and pliant, it should be enclosed in strong paper, linen, parchment, or some other material which will not readily tear or break.
- Newspaper covers.** Fasten the covers of newspapers firmly, so as to prevent them from slipping out.
- Letter Box.** When dropping a letter or newspaper into a letter-box, always see that the packet falls into the box, and does not stick in its passage.
- Letters for hot climates.** Never seal letters for the East and West Indies and other hot climates, with wax. Such a practice is attended with much inconvenience, and frequently with serious injury, in consequence of the melt-

consequence of the mali-

ing of the wax, and the adhesion of the letters to each other. In all such cases use either water or gum, and advise your correspondents in the country referred to to do the same.

Never send money or other articles of value through the Post Office, except either by means of a money-order or in a registered letter. Carefully secure every letter or packet containing money or value, first with gum and afterwards with good sealing-wax, on which make the clear impression of a seal.

On posting a registered letter or packet, always obtain a receipt for the same at the office where posted.

When letters or papers are delayed or missing, at once communicate the fact to the Inspector of the division in which is situated the Post Office at which the delayed or missing letters were posted. In case of a missing letter enclosing value, state the exact contents, the exact address, and the office at which posted; the name of the person by whom posted, and the name of the person by whom received at the office. In the case of a delayed letter or paper, send the cover or wrapper in an entire state, in order that the place of delay may be ascertained by an examination of the post marks.

Trouble and loss occasionally arise out of the carelessness or dishonesty of parties employed in the Post Office service; yet instances are not wanting in which it has been shown to the satisfaction even of the complainants, that the fault at first attributed to the Post Office, in truth rested in other quarters. Thefts by private hands, although very difficult of proof, have not unfrequently been brought to light; and it is greatly to be desired that those who suffer loss should, in the first instance, and while the circumstances are fresh, endeavour to ascertain with the utmost precision all particulars respecting the despatch or receipt of the lost letters or papers, and lose no time in communicating this information to the Inspector. Indeed, generally speaking, it is only by careful inquiry into minute details that the offender can be detected, whether he be a servant of the Department or not.

The Post Office is a department which admits of constant improvement and expansion. The public, by sending to the Postmaster General, clear and correct information respecting faulty arrangements, may materially benefit the service. It must be remembered, however, that changes in machinery so extensive and intricate as that of the Post Office, must be made cautiously and with much previous consideration.

Time is generally required to carry out any material change in postal arrangements; for even when decided upon, old contracts, requiring notice of termination, may have to be got rid of, and tenders for new contracts invited by public advertisement, before the decision can take effect.

New Post Offices are established by the Department wherever it is ascertained that a sufficient number of inhabitants can be accommodated, and a sufficient amount of postal revenue collected to warrant such a measure. When a new Post Office is required, a petition should be addressed to the Postmaster General, signed by as many of the inhabitants as can conveniently subscribe the same. The petition should state the name of the township and the number of the lot and concession on which it is desired the office should be established; the distance from the neighbouring offices; whether at the site of the proposed Post Office there is a village; the number of mills, stores, taverns, and houses thereat; the extent of the settlement to be served and the probable cost of the mail; together with any other facts which may form any ground for the accommodation applied for.
